MetroHealth Care for Students During the School Day

The MetroHealth School Health Program is partnering with your school district to offer health care services on-site at your child's school. Your child will now have easier medical service access during the school day.

What services does MetroHealth provide?

• Annual physicals
• Sports physicals
• Injury/illness care
• Routine lab tests
• Prescription medications
• Teen services
• Mental/behavioral health
• Immunizations
• Care for chronic conditions, including asthma, allergies, diabetes and seizure disorders
• Health education and prevention
• Telehealth, to supplement in-person care

How can my child participate?

Complete the MetroHealth School Health Program consent packet at metrohealth.org/school-health or at your school office. The program is open to all students who have a signed parental consent form on file, which remains valid while the child attends school in the district.

How do I schedule a school-day appointment?

Call the Institute for H.O.P.E. School Health Program at **216-957-1303** or request an appointment through your school nurse.
